

# CATWALKER COMPACT

## PORTABLE DESIGN DISPLAY CONVEYOR

The Catwalker Compact is a Plug & Play system; just plug it into a socket and the conveyor belt is ready for use! This system is excellent for product presentations in shops and at fairs. In addition, this system is used for food presentations by caterers and in restaurants.

### Versions rent/purchase

- 150 x 50 x 7 cm
- 200 x 50 x 7 cm
- 300 x 50 x 7 cm

### Extra version purchase

- 250 x 50 x 7 cm

### Presentation platters

- 150 cm: 16 pcs
- 200 cm: 22 pcs
- 300 cm: 34 pcs
- 250 cm: 28 pcs

### Presentation furniture

- 200 cm white table (optional)
- 300 cm white table (optional)

### Power Outlet

- 1x 230 V

## LED lighting optional

The Catwalker Compact rental version has a milk-white acrylic side finish as standard (pictured left). For the purchase version, we use a standard black side finish, other options are a brushed stainless steel side finish or LED lighting. Regarding the rental version, the conveyor belt with LED lighting can be rented (photo right).

## Placing the conveyor belt on presentation furniture

The presentation band is only 7 cm high and requires no complicated base. Simply place the Plug & Play conveyor on your existing bar, table or other furniture. Optionally, you can rent or order a white presentation stand (200 or 300 cm) with the Catwalker Compact.

A single motor of about 20 cm hangs underneath the conveyor belt. At the location of this motor a small recess is needed in the furniture. You can also mount the conveyor belt flush with your furniture; this way, only the top surface of the conveyor will be visible.

## Control Box

- Dimensions: 16 x 25 x 9 cm.
- Control: start, stop and speed.
- From the control box, a single cable runs to the motor underneath the conveyor.
- The Catwalker runs clockwise by default.
